OUR CUSTOMERS

Capability Statement

PAST PERFORMANCES

Alphident is the prime contractor providing the maintenance and upgrade of the AIR database project for the National Institute of Mental Health (NIMH). This is a highly visible project that involves intramural, research management services, and extramural cost tracking.

Alphident has designed and developed fully accessible, 508 compliant Collection Development System (CDS) applying Agile/SCRUM methodology and various open source technologies as a sub contractor to BAE Systems Inc.

Alphident has worked on the following projects for the Social Security Administration:

- Paperless Rewriting project
- Modernization of The Enterprise Test Data Management System
- Disability Claim Processing System
- Enterprise Test Data Management System
- Enumeration Verification Systems
- Enterprise Metadata Repository systems

Alphident has provided technical oversight, lead the design and development of agile software development using JEE and Angular framework to develop web application for BAE Systems Inc.

Alphident is the teaming partner for the Social Security Administration (SSA) ITSSC-II, 10 year, \$10 Billion cap, IDIQ providing Agency wide IT modernization effort. Under this teaming agreement, Alphident will be supporting the IT modernization efforts in multiple division and innovation center in SSA.
